THE ASPECT DR™ DIFFERENCE

CLINICALLY BRILLIANT.

Aspect Dr™ is an Australian owned skincare company that formulates clinical skincare products and peels tailored to support the skin and address all skin conditions and concerns.

Aspect Dr™ is a new direction in active, clinical grade skincare, formulated to include gold standard ingredients with proven anti-ageing qualities but without trauma or downtime caused by the inclusion of irritant, toxic or harmful ingredients.

SIMPLE EQUATION TO SERIOUS SKIN SOLUTIONS

Why use 12 products when you can use 4? Serious skincare does not need to be difficult or time consuming. Aspect Dr™ provides the results that physician's expect through a simple, concise regimen. This is achieved through the use of active multi-ingredient serums targeted towards skin care concerns with a goal to normalise and address the cause of the concern, not just cover the outward symptoms.

Whether addressing a slight imperfection, sun damage, redness, or fine lines, Aspect Dr™ restores a youthful, glowing complexion with a concise line of product and peels sold exclusively through medical professionals.

CHANGE WITHOUT TRAUMA:

- » No Sodium Lauryl Sulphate
- » No Propylene Glycol
- » No Formaldehyde
- » No Parabens or Harsh Preservative Systems
- » No Hydroquinone
- » No Alcohol
- » No Mineral or Petroleum-Based Oils
- » Never Tested on Animals

WHY TAKE THIS APPROACH?

Irritated skin is ageing skin. Removing harsh, degrading ingredients from skincare encourages healthy looking, properly-functioning skin.

ASPECT DR™ PACKAGING:

It is not good enough to just include highly active, clinical ingredients. You must also protect them from light, air, and extreme temperatures to ensure their integrity over time. Aspect Dr™ extends to its packaging, the philosophy of Change Without Trauma (and that includes to the environment), yet keeping it simple.

ASPECT DR™ PACKAGING:

- » Double-insulated, opaque, airless pumps
- » Metered pump to prevent wastage
- » Locking system to prevent spillage
- » Travel friendly sizes per airport regulation
- » No unnecessary packaging

IN THE MEDIA

FOURS STEPS TO REJUVENATION

feat. Aspect Dr™ Hyaluronic Serum

"Delivering steady amounts of hydration to skin throughout the day to help plump it up and deter fine lines"

LET'S BE CLEAR

feat. Aspect Dr™ Peels

"Light to medium peels are a great way to help clear problem skin. The type of peel you get will depend on your problem skin issues; however one consistent part of a peel for problem skin is Vitamin A"

THE COUNTRY'S TOP CELEBRITY SKINCARE GURUS... PERSONAL ESSENTIALS

feat. Aspect Dr™ Resveratrol Moisturising Cream

DEEP CLEAN FACIAL CLEANSER

EXFOLIATING CLEANSER

pH 3.5 - 5.5

ACTIVE INGREDIENTS

Organic hydrafoam > Exceptionally gentle cleansing agent. A mild alternative to sodium lauryl sulphate.

L-Lactic Acid & Sodium L Lactate > Boasts the highest therapeutic index of all alpha hydroxy acids. Reduces trans-epidermal water loss to increase hydration levels for smoother, softer, less wrinkled looking epidermis.

Multifruit® BSC > A concentrated blend of five botanical extracts: bilberry, sugar cane, sugar maple, orange, and lemon. Safely exfoliates dead skin cells and stimulates skin cell renewal.

Botanical Complex SCA™ > A proprietary, water soluble blend of nettle, melissa, elderflower, cleavers and plantain extracts known for their astringent and soothing properties.

Botanical Complex LSCD™ > A proprietary, oil soluble blend of burdock, elderflower, lavender, calendula and cleavers extracts known for their soothing action.

Canadian Willowherb™ > A natural extract from the Northern Canadian Prairie plants with clinically proven superior calming properties.

INDICATIONS

- » Oily and breakout prone skin
- » Sun damaged skin
- » Rough textured skin
- » Dehydrated skin
- » Non-irritated skin

AM/PM

Dispense 1 pump into palm of clean hands. Foam up with a little warm water. Using gentle, circular movements, massage into skin for at least 30 seconds.

Safe for pregnant women

MILD CLEAN FACIAL CLEANSER

SENSITIVE SKIN CLEANSER

pH 3.5 - 5.5

ACTIVE INGREDIENTS

Vegetable Glycerine > Humectant for hydration.

L-Lactic Acid & Sodium L Lactate > Boasts the highest therapeutic index of all alpha hydroxy acids. Reduces trans-epidermal water loss to increase hydration levels for smoother, softer, less wrinkled looking epidermis.

Organic hydrafoam > Exceptionally gentle cleansing agent. A mild alternative to sodium lauryl sulphate.

Cocamidopropyl Betaine > A foaming agent without the stripping and drying of detergents.

Canadian Willowherb™ > A natural extract from the Northern Canadian Prairie plants with clinically proven superior calming properties.

INDICATIONS

- » Post-treatment
- » Soothing and calming
- » Irritated, sensitive skin
- » Dehydrated skin

AM/PM

Dispense 1 pump into palm of clean hands. Foam up with a little warm water. Using gentle, circular movements, massage into skin for at least 30 seconds.

Safe for pregnant women

ACTIVE C

VITAMIN C SERUM

pH 4.0 - 5.5

ACTIVE INGREDIENTS

Tetrahexyldecyl Ascorbate > Stable, oil-soluble Vitamin C ester. Provides antioxidant activity, clarifying and brightening activity.

SYN*-COLL > Small peptide. Resulting in smoother appearance of the skin.

SYN*-AKE > A compound based on a synthetic tripeptide that mimics the effect of Waglerin 1, a peptide that is found in the venom of the Temple Viper.

PEPHA*-TIGHT > Highly purified biotechnologically produced extract from the microalga *Nannochloropsis oculata* combined with a well-balanced fraction of polysaccharides. Provides a noticeable instant tightening effect and smoothes the appearance of fine wrinkles.

Botanical Complex SCA™ > A proprietary, water soluble blend of nettle, melissa, elderflower, cleavers and plantain extracts known for their astringent and soothing action.

Botanical Complex LSCD™ > A proprietary, oil soluble blend of burdock, elderflower, lavender, calendula and cleavers extracts known for their soothing action.

Canadian Willowherb™ > A natural, anti-irritant extract from Northern Canadian Prairie plants.

Wasabi Extract > A potent antioxidant with skin-calming benefits.

Mixed Tocopherols 95% > A potent blend of full-spectrum tocopherols and tocotrienols that reduces trans-epidermal water loss and strengthen the skin's barrier function.

INDICATIONS

Ideal for cosmetic management of:

- » Sun damaged skin
- » Uneven skin colour
- » Wrinkles & laxity
- » Impaired barrier function
- » Dull, lifeless skin

BEFORE & AFTER

AM ONLY

Dispense a pea size amount and gently smooth over entire face. A tightening of the skin may be felt 1-2 minutes after application.

Safe for pregnant women

MULTI B PLUS

VITAMIN B SERUM

pH 4.0 - 6.0

ACTIVE INGREDIENTS

Vitazymes® B Complex > Substantially retards trans-epidermal water loss, provides a soothing effect, reduces uneven skin tone, increases skin lightness, clears problem skin, reduces appearance of pore size and improves redness. Rich in yeast polypeptides and niacinamide.

Homeosta SEA™ > A complex of sea plant based ingredients that calm skin, protect against trans-epidermal water loss, and scavenge free radicals.

Mixed Tocopherols 95% > A potent blend of full-spectrum tocopherols and tocotrienols that reduces trans-epidermal water loss and strengthen skin's barrier function.

Canadian Willowherb™ > A natural, anti-irritant extract from Northern Canadian Prairies plants. Proven in clinical research to have strong antibacterial activity.

INDICATIONS

Ideal for cosmetic management of:

- » Sallow skin
- » Dull and dehydrated skin
- » Fine lines and wrinkles
- » Skin discolouration
- » Combination skin
- » Hydration with no oil
- » Trans-epidermal water loss

AM/PM

Dispense a pea size amount and gently smooth over entire face.

Safe for pregnant women

EXFOL A PLUS

EXFOLIATING SERUM

pH 3.5 - 4.5

ACTIVE INGREDIENTS

Retinol > Utilises a patented technology which improves the bioavailability and penetration of retinol.

Mixed Tocopherols 95% > A potent blend of full-spectrum tocopherols and tocotrienols that reduces trans-epidermal water loss and strengthen skin's barrier function.

Canadian Willowherb™ > A natural, anti-irritant extract from Northern Canadian Prairie plants.

Multifruit® BSC > A concentrated blend of five botanical extracts: bilberry, sugar cane, sugar maple, orange, and lemon. Safely exfoliates dead skin cells and stimulates skin cell renewal.

INDICATIONS

Ideal for cosmetic management of:

- » Photo ageing
- » Skin laxity and wrinkling
- » Enlarged pores
- » Skin discolouration
- » Oil control
- » Uneven skin texture

PM ONLY

Dispense a pea size amount and gently smooth over skin, avoiding the eye area. To be used on alternating nights initially and building up to nightly use.

Not safe for pregnant, or lactating women

REDLESS

SKIN CALMING SERUM

ACTIVE INGREDIENTS

Coenzyme Q10 (ubiquinone) > A powerful antioxidant. Penetrates the layers of the skin to improve appearance of wrinkles due to photo-ageing.

Sea Buckthorn Fruit Extract > Fruit indigenous to Europe and Asia with the highest antioxidant and vitamin content of any cultivated fruit or vegetable in existence.

Tetrahexyldecyl Ascorbate > Stable, oil-soluble Vitamin C ester. Provides antioxidant activity, UV-A and UV-B protection, clarifying and brightening activity.

Mixed Tocopherols 95% > A potent blend of full-spectrum tocopherols and tocotrienols that reduce trans-epidermal water loss strengthening the skin's barrier function.

Botanical Complex LSCD™ > A proprietary, oil soluble blend of burdock, Elderflower, Lavender, Calendula and Cleavers extracts known for their soothing action.

INDICATIONS

Ideal for cosmetic management of facial redness

- » Chronically dry skin
- » Rough flaky skin
- » Uneven texture
- » Irritated and uncomfortable skin
- » Devitalised skin

BEFORE & AFTER

AM/PM

Apply over other serums as the final step before applying moisturiser. Dispense a pea size amount, warm between fingers and gently press into skin.

Safe for pregnant women

COMPLETE PIGMENT

**SKIN TONE
CORRECTOR**

pH 4.0 - 5.5

ACTIVE INGREDIENTS

Tyrostat™ (Rumex Occidentalis extract) > Skin lightening ingredient derived from a plant native to the Northern Canadian Prairies region.

Mixed Tocopherols 95% > A potent blend of full-spectrum tocopherols and tocotrienols that reduce trans-epidermal water loss and strengthens the skin's barrier function.

Botanical Complex SCA™ > A proprietary, water soluble blend of nettle, melissa, elderflower, cleavers and plantain extracts known for their astringent and soothing action.

Botanical Complex LSCD™ > A proprietary, oil soluble blend of burdock, elderflower, lavender, calendula and cleavers extracts known for their soothing action.

Canadian Willowherb™ > A natural, anti-irritant extract from Northern Canadian Prairies plants.

Wasabi Extract > A potent antioxidant with skin-calming benefits.

INDICATIONS

Ideal for cosmetic management of:

- » Age spots
- » Freckles
- » Skin discolourations
- » Pre and post peels and laser treatments
in higher Fitzpatrick skin colours

BEFORE & AFTER

AM/PM

Dispense a pea size amount and gently smooth over entire face, avoiding the eye area.

Safe for pregnant women

PROBLEM SKIN

PROBLEM SKIN SERUM

pH 4.0 - 5.5

ACTIVE INGREDIENTS

Beracare Triple A System > From the Brazilian rain forest, a synergistic blend of natural Acai extract, Andiroba extract, and Copaiba Balsam resin. Clinically proven to reduce appearance of problem skin by 72%, sebum quantity by 65%, and bacteria without the dryness.

Stay C® 50 > A stable Vitamin C. Proven in clinical trials to reduce the level of damaging free radicals.

Mixed Tocopherols 95% > A potent blend of full-spectrum tocopherols and tocotrienols that reduces trans-epidermal water loss and strengthen skin's barrier function.

Botanical Complex SCA™ > A proprietary, water soluble blend of nettle, melissa, elderflower, cleavers and plantain extracts known for their astringent and soothing action.

Botanical Complex LSCD™ > A proprietary, oil soluble blend of burdock, elderflower, lavender, calendula and cleavers extracts known for their soothing action.

Canadian Willowherb™ > A natural, anti-irritant extract from Northern Canadian Prairies plants.

Wasabi Extract > A potent antioxidant with skin-calming benefits.

INDICATIONS

Ideal for cosmetic management of:

- » Breakouts
- » Congested skin
- » Oily skin

ASPECT DR™ FACT

From the Brazilian rain forest, a blend of natural Acai extract, Andiroba extract, and Copaiba Balsam resin. Clinically proven to reduce appearance of problem skin by 72%, sebum quantity by 65%, and bacteria without the dryness.

AM/PM

Dispense a pea size amount and gently apply to affected areas or smooth over entire face.

Safe for pregnant women

EXFOLIATOR

AHA SERUM

pH 3.5 - 3.8

ACTIVE INGREDIENTS

L-Lactic Acid > to refine and gently exfoliate

Multifruit BSC > A powerful blend of naturally occurring AHAs

Botanical Complex SCA™ > Antioxidant

Botanical Complex LSCD™ > Soothing and calming

Canadian Willowherb Extract > Soothing and calming, Antioxidant

Wasabi Extract > Soothing and calming

INDICATIONS

Ideal for cosmetic management of:

- » All skin conditions, especially fine lines
- » Problem Skin
- » Pigmentation
- » Sun damage
- » Red sensitive skins
- » Dull, lifeless skin

PM ONLY

Begin using 2 nights in a row, use in conjunction with Exfol A Plus introduced on 3rd night. As skin tolerance increases, use each on alternate nights and eventually use both together. All treatment serums can be used with either product.

Safe for pregnant women

RESVERATROL CREAM

**DAILY MOISTURISER
WITH RESVERATROL**

pH 3.5 - 5.5

ACTIVE INGREDIENTS

ChroNOLine™ > Provides outstanding reduction in the appearance of fine lines and wrinkles after only 28 days.

Mixed Tocopherols 95% > A potent blend of full-spectrum tocopherols and tocotrienols that reduces trans-epidermal water loss and strengthen skin's barrier function.

Grape Skin Resveratrol > Powerful antioxidant. Improves cell function.

INDICATIONS

Ideal for cosmetic management of:

- » Dehydrated skin
- » Trans-epidermal water loss
- » Fine lines and wrinkles

AM/PM

Dispense 1 pump and smooth over entire face, neck and décolletage as required.

Safe for pregnant women

HYALURONIC SERUM

HYDRATING SERUM

pH 4.5 - 5.5

ACTIVE INGREDIENTS

Sodium Hyaluronate > A form of hyaluronic acid, which is a naturally occurring glycosaminoglycan with exceptional lubricating and hydrating qualities. It can hold 1,000 times its weight in water.

Aloe Vera Leaf Juice > Soothing, calming and hydrating.

Tetrahexyldecyl Ascorbate (oil soluble Vitamin C) > Excellent alternative to water soluble Vitamin C (Ascorbic Acid), pH neutral so less irritation

Panthenol > Improves and increases the moisture-retention capacity of the skin.

Niacinamide > A form of the B vitamin that will improve the moisture content of the skin. Bound in a yeast polypeptide delivery system to help calm and soothe the skin.

INDICATIONS

Ideal for cosmetic management of:

- » All reactive, inflamed skin concerns
- » Dry, flaky sensitised skins

AM/PM

Apply 1 metered pump to clean skin for the ultimate in skin hydration.

Safe for pregnant women

EYELIFT

EYE CREAM

pH 4.0 - 5.5

ACTIVE INGREDIENTS

Squalane, Butyropemum Parkii (Shea) Butter > Rich in essential fatty acids, it provides nourishment and cell membrane protection

Sodium Hyaluronate, Panthenol, Aloe and Glycerin > Provide hydration

Tocopheryl Acetate > Antioxidant - Protects cell membrane health

Tetrahexyl decyl Ascorbate > Lipid soluble Vitamin C - potent antioxidant, improves the appearance of lines and wrinkles, photo protects

Retinyl Palmitate (Vitamin A) > - Improves the appearance of lines and wrinkles

Lecithin > Promotes cell membrane health

INDICATIONS

Ideal for cosmetic management of:

- » Dark circles
- » Fine lines and wrinkles
- » Dehydration
- » Sensitive skin

ASPECT DR™ FACT

The native Australian superfruit Kakadu Plum (Billy Goat Plum) has been identified worldwide as the single natural food source with the highest vitamin C, anti-oxidants, and bioactives on the planet

AM/PM

Dispense a small amount (size of a grain of rice), warm between the fingertips, and gently press under each eye.

Safe for pregnant women

ASPECT DR™ AGEING SKIN REGIMEN

SKIN CONCERNS:

Wrinkles | Fine Lines | Dull, Lifeless Skin

The one thing that no one can avoid is the fact that with every second that ticks on the clock, we get just a little bit older. What we can avoid is having our skin look like the oldest part of our body. Aspect Dr™ Anti-Ageing products are engineered to help the skin restore its vitality with active ingredients, minus ingredients that are harsh, irritating, or controversial. Our Anti-Ageing regimen is designed to provide you with the essential ingredient weapons, so you can declare war on ageing.

ASPECT DR™ SENSITIVE SKIN REGIMEN

SKIN CONCERNS:

Burning/Itching | Uncomfortably Tight Skin | Chronic Dryness | Skin Sensitivity

People who have sensitive skin react differently from one person to the next and should avoid soaps with strong detergents or fragrances and higher pH levels. Mild Clean is a sensitive skin cleanser with a pH of 3.5-5.5 and includes Canadian Willowherb extracts to calm and purify even the most temperamental of skins. Another way to combat your sensitive skin is by using the Redless skin calming serum. This soothing and calming product contains Sea Buckthorn Fruit extract, with one of the highest antioxidant and vitamin contents available.

ASPECT DR™ UNEVEN REGIMEN

SKIN CONCERNS:

Age Spots | Uneven Skin Tone | All Forms of Hyperreactive Skin

Have you ever looked in the mirror and screamed, “Out, out darn spot?” You’re not alone. Now you can look as young as you feel with Aspect Dr™ products created with pigmented skin in mind. Aspect Dr™’s star product for pigmented skin is the Complete Pigment. Made with Tyrostat™, a skin brightening ingredient derived from the extract of a plant, rumex occidentalis, is native to the northern Canadian prairie region, Tyrostat has a strong inhibitory effect to even the skin, one of the main enzymes involved in the reactive process.

VITA A PEEL

PAGE 40

20%, 30%, 40%, 60% LACTOBOTANICAL PEEL

PROFESSIONAL USE ONLY

An effective alternative to Glycolic Acid Peels, Lactobotanical Peels are epidermal in action and have the extra advantage of being extremely hydrating.

AGE DEFINING PEEL

PROFESSIONAL USE ONLY

This peel is as effective as it is decadent! Red wine extract and certified organic cocoa bathe the skin's cells at the deepest level with powerful antioxidants to help protect, rebuild and re-energise the skin.

COMPLETE PIGMENT PEEL

PROFESSIONAL USE ONLY

A break through treatment designed to target skin discolorations and leave the skin looking brighter and more vibrant. Vitamin C and Rumex Occidentalis have been clinically proven to dramatically improve the skin's appearance.

PROBLEM SKIN PEEL

PROFESSIONAL USE ONLY

Wave goodbye to oily, congested impure skin conditions with the use of a potent blend of proven botanicals, Beracare AAA System that assists in the management of oil levels and bacteria while decongesting the follicles.

VITA A PEEL

PROFESSIONAL USE ONLY

A peel that results in significant skin change without trauma. Lana Blue, a blue-green algae in conjunction with Niacinamide and Canadian Willowherb significantly improve the appearance of photodamage, hyperpigmentation, ageing concerns, oily, congested skins and red skin without the associated trauma of traditional peels.

ASPECT DR™ ACTIVE INGREDIENTS

L-Lactic Acid & Sodium L Lactate > Boasts the highest therapeutic index of all alpha hydroxy acids. Reduces trans-epidermal water loss helps to increase hydration levels for a smoother, softer, less wrinkled looking epidermis.

Multifruit® BSC > A concentrated blend of five botanical extracts: bilberry, sugar cane, sugar maple, orange, and lemon. Safely exfoliates dead skin cells and stimulates skin cell renewal.

Botanical Complex SCA™ > A proprietary, water soluble blend of nettle, melissa, elderflower, cleavers and plantain extracts known for their astringent and calming action.

Botanical Complex LSCD™ > A proprietary, oil soluble blend of burdock, elderflower, lavender, calendula and cleavers extracts known for their smoothing, calming action.

Canadian Willowherb™ > A natural, anti-irritant extract from Northern Canadian Prairie plants. Proven in clinical research to have strong purifying activity.

Wasabi Extract > Obtained from the roots of the Wasabia Japonica plant indigenous to Japan. Wasabi Extract is an antioxidant with skin-calming benefits.

Coenzyme Q10 (ubiquinone) > A powerful antioxidant. Penetrates the layers of the skin to attenuate the appearance of fine lines and wrinkles associated with photo-ageing.

Sea Buckthorn Fruit Extract > Fruit indigenous to Europe and Asia with the highest antioxidant and vitamin content of any cultivated fruit or vegetable in existence. It also has natural sunscreens properties as well.

Tetrahexyldecyl Ascorbate > Stable, oil-soluble Vitamin C ester. Provides antioxidant activity, UV-A and UV-B protection, clarifying and brightening activity, and assists with the appearance of fine lines and wrinkles.

Mixed Tocopherols 95% > A potent blend of full-spectrum tocopherols and tocotrienols that reduces trans-epidermal water loss and strengthens the skin's barrier function.

ASPECT DR™ FACT

Sea Buckthorn is indigenous to Europe and Asia and is one of the highest antioxidant and vitamin content of any cultivated fruit or vegetable in existence. It's a natural sunscreen as well.

Homeosta SEA™ > A complex of sea plant based ingredients that stimulate cell growth, calm the skin, protect against trans-epidermal water loss, and scavenge free radicals.

Retinol > Utilises a patented technology which improves the bioavailability and penetration of retinol. Vitamin A is a key anti-ageing ingredient that addresses a range of ageing concerns, and improves the overall appearance of skin.

Vitazymes® B Complex > Substantially retards trans-epidermal water loss, provides a calming effect, reduces uneven skin tone, increases skin brightness, clears congestion, mattifies, and improves the appearance of redness.

SYN®-COLL > Small peptides rich in yeast polypeptides and niacinamide (Vitamin B3). Clinical trials have shown that Syn®-Coll is capable of reducing and changing the appearance of wrinkles that add years to your appearance

SYN®-AKE > Anti-wrinkle compound based on a synthetic tripeptide. SYN®-AKE has been developed as an efficient smoothing and anti-wrinkle care compound, particularly effective against the appearance of expression lines.

PEPHA®-TIGHT >

1. Instantaneous: PEPHA®-TIGHT has a noticeable instant tightening effect and smoothes fine wrinkles
2. Prevention: PEPHA®-TIGHT acts preventively as a protection shield against oxidative stress.
3. Restoration: PEPHA®-TIGHT strengthens the connective tissue to have noticeably smoother looking skin.

Organic hydrafoam > Exceptionally gentle cleansing agent. A mild alternative to sodium lauryl sulphate.

Cocamidopropyl Betaine > A foaming agent without the stripping and drying effects of detergents.

Tyrostat™ (Rumex occidentalis extract) > A skin brightening ingredient derived from plants native to the northern Canadian prairies region. Achieves smooth even skin tone.

Beracare Triple A System > From the Brazilian rain forest, a synergistic blend of natural Acai extract, Andiroba extract, and Copaiba Balsam resin. Clinically proven to reduce appearance of problem skin by 72%, sebum quantity by 65%, and bacteria without the dryness

Stay C® 50 > A stable Vitamin C. Proven in clinical trials to reduce the level of damaging free radicals.

ChroNoline™ > ChroNoline™ provides outstanding reduction in the appearance of fine lines and wrinkles after only 28 days.

Grape Skin Resveratrol > Powerful antioxidant. Improves cell function.

Lana Blue > A blue-green algae from the Klamath Lake in Oregon with proven retinoid-mimicking properties but without the usual risk of irritation.
